getbrain.CO

GetBrain is a peer-to-peer, on-demand eLearning platform, which enables students and tutors to connect, share knowledge and solve problems.

TABLE OF CONTENTS

USE CASES

*No matter if you want to learn or teach, **GetBrain** has you covered.*

Student

SEARCHING

Explore a variety of fresh topics and find the right course for you.

SCHEDULING

Pick from available hourly intervals and book your course.

LEARNING

Attend real-time peer to peer courses using our built-in video chat & screen sharing platform.

RATING & REVIEWING

Rate and review courses after you took them.

Tutor

LISTING

As a tutor you have the ability to list multiple courses. Setting up a course has never been easier:

- Choose your topics and languages.

- Set the price and your availability.

- Upload an image or link a video.

- Describe your course.

TEACHING

Hold real-time peer to peer courses using our built-in video chat & screen sharing platform.

ROADMAP TO MVP

*Our goal is to lunch our minimum viable product before the end of **2018**.*

Q2 - Q3 2017

*Last year, we finalized the concept, worked on the design and have laid the foundation for our development environment.*

|	
Concept & Branding	100%
Design & Interactive Prototype	80%
Development Environment	70%

Q4 2017 - Q1 2018

We are now focusing on building the core functionalities and raising funds for the development of our advanced features.
